HOW TO APPLY AND JOB PACKS

Visit the South Australian Medical Education and Training (SAMET) website www.samet.org.au to view detailed application timelines and information for internships, PGY2+ and advanced skills training (AST) positions with SA Health.

General application timelines each year are:

Internships

Applications open: May

Applications close: June

Offers commence: July

PGY2+ and AST

Applications open: June

Applications close: July

Offers commence: September

Lodge your application through the link provided in the job pack for the position. Positions or rotations are subject to funding and sufficient demand and may change.

Fulfill your dream of becoming a rural generalist in a remarkable rural region that offers the opportunity to train in general medicine, emergency medicine, anaesthetics, obstetrics, paediatrics and surgery.

About the Limestone Coast Training Network (LCLHN)

Completing your postgraduate training through the Limestone Coast Training Network can help kick start your career in rural generalism.

The Limestone Coast Local Health Network (LCLHN) provides a broad and diverse training program to Rural Generalist trainees, or those interested in rural medicine. LCLHN embraces teamwork and all team members are highly valued for the skills and knowledge they contribute to patient care. Preference is given to applicants committed to a career in rural or regional practice with support to complete your internship, and the potential to continue to your PGY2+ years. LCLHN offers an ideal balance between the vibrant lifestyle of a big city and comforts of a small town.

AVAILABLE POSITIONS

Positions may vary from year to year.

Internship positions

LCLHN provides interns with broad experiences across diverse clinical areas including:

- General practice
- General practice / procedural
- Emergency medicine
- General medicine
- Orthopaedics
- Anaesthetics
- General surgery

You will have opportunities to challenge yourself and to gain valuable experience with hands-on procedural skills. There are weekly junior doctor tutorial program, simulation sessions, journal club and grand rounds. Being a member of a smaller cohort of interns, you will have access to significant individual support from the medical education team developing close working relationships with your junior and senior medical colleagues. The working culture at LCLHN embraces teamwork and values all team members for the skills and knowledge they contribute to patient care.

PGY2+ positions

You will be part of a dynamic and busy medical team based in Mount Gambier and Naracoorte Hospitals and the Kincaid Medical Clinic. The positions are specifically aimed to provide trainee medical officers (TMO) who have just completed an internship with a full year experience at the postgraduate Year 2 level (PGY2).

Training opportunities for PGT2+ are in non-specialist and general practice training programs with rotations in:

- General medicine
- General practice
- Emergency medicine
- Paediatrics
- General surgery
- General practice/anaesthetics
- General practice/obstetrics.

Limestone Coast work in collaboration with Flinders University Rural and Remote Health South Australia (FRRHSA) who provide educational support through the Medical Education Unit (located at FRRHSA).

Advanced Skill Training

The Limestone Coast offers advanced skill training to post-graduate year 3 (PGY3+) and above applicants. Preference is given to applicants

enrolled in either the Australian College of Rural and Remote Medicine (ACRRM) or Royal Australian College of General Practice Rural Generalist (RACGP RG) stream. Available options are:

Anaesthetics

Mount Gambier

Join the anaesthetics team consisting of experienced anaesthetists and GP anaesthetists, junior doctors and medical students. This role enables the requisite exposure to rural anaesthetic cases to meet the requirements of ACRRM and RACGP RG in anaesthetics. It is expected that you enrol in and complete the Advanced Certificate of Rural Generalist Anaesthesia (ACRGA) over the 12 months.

Adult Internal Medicine

Mount Gambier

Become part of a collegiate, committed, multidisciplinary medical team, consisting of consultants and junior doctors, allied health, and ward staff. This position fulfills the requirements for both RACGP and ACRRM and

involves providing medical inpatient and outpatient services to the General Medical Ward at Mount Gambier Hospital.

Emergency Medicine

Mount Gambier

Train with a dynamic, collegiate, multidisciplinary team consisting of Fellowship of the Australian College of Emergency Medicine (FACEM) doctors, salaried medical officers, rural generalist trainees, nurse practitioners and nursing staff. This role enables the requisite exposure to rural emergency cases to meet the requirements of ACRRM, RACGP and the Intermediate Emergency Medicine Training Program.

Paediatric Medicine

Mount Gambier

We invite you to become part of a collegiate, multidisciplinary Paediatric Medicine team consisting of Specialist Paediatricians, an RACP Advanced Trainee, salaried medical officers, visiting outpatient Paediatricians, and experienced nursing and allied health

staff. This full-year role meets the requirements for RACGP and ACRRM.

Obstetrics and Gynaecology

Mount Gambier

Join a collegiate, committed, multidisciplinary maternity care team consisting of GP obstetricians, O&G specialists, an O&G registrar and a wonderful group of qualified midwives. This full-year half-time role provides exposure to obstetrics and gynaecological cases in the rural setting to meet requirements of Rural Australian and New Zealand College of Obstetrics and Gynaecology (RANZCOG) Associate Procedural when combined with working part-time in a general practice with comprehensive antenatal care. Some further time in the role is required to complete requirements.

Primary Care

Train in general practice with accredited medical practices where you can gain knowledge, skills and attributes in primary care with a focus on rural and remote context. Participating medical practices are:

- Hawkins Medical Clinic
- Kincaid Medical Clinic
- Kingston & Robe Medical Centres
- Pangula Mannamurna Aboriginal Corporation

LIFESTYLE

The Limestone Coast region covers the south-east corner of South Australia and is only a short flight or within a 5 hour drive from either Melbourne or Adelaide. Mount Gambier, the second most populated city in South Australia, provides the vibrant lifestyle of a city with the comforts of a small town while preserving natural beauty.

The region offers a range of services and facilities including shopping, restaurants and cafes, commercial industries, public and private schooling, education, and medical and health facilities.
